

Elevate My Logistics | Capability Statement

We provide logistics solutions that streamline operations, boost reliability, and propel your business to new heights.

COMPANY OVERVIEW

Elevate My Logistics is a service-disabled veteran-owned small business with over 30 years of experience in final mile delivery, transportation, and warehousing. We prioritize cost-efficiency, reliability, and customer satisfaction by utilizing advanced technology and a skilled team to consistently exceed industry standards.

DIFFERENTIATORS

- **Technology-Driven:** Real-time tracking, AI-driven route optimization, and predictive analytics.
- **Reliability:** Proven track record of on-time deliveries and exceptional customer satisfaction.
- **Sustainability:** Commitment to eco-friendly logistics solutions, reducing carbon footprint across operations
- **Expert Team:** Decades of combined experience in logistics and supply chain management.
- **Agility & Responsiveness:** Quick decision-making and adaptive strategies to meet client needs.

CORE COMPETENCIES

- **Innovative Freight Management:** Comprehensive domestic and international shipping solutions with real-time tracking and updates.
- **End-to-End Logistics Solutions:** Managing the entire process from procurement to final mile delivery for seamless operations.
- **Warehousing & Distribution:** Secure, efficient storage and distribution backed by effective inventory management.
- **Supply Chain Optimization:** Tailored strategies to streamline logistics, reduce costs, and enhance delivery speed.
- **Customer-Centric Approach:** 24/7 support and personalized logistics solutions focused on delivering excellence.

PAST PERFORMANCE

- **National Expansion & Revenue Growth:** Expanded from 1 to 20 locations across 12 states, achieving \$50 million in annual revenue within 2 years. Reducing annual costs through contract renegotiations and process optimizations.
- **Coastal Fleet Operations:** Managed a \$40 million logistics operation with 200 trucks across the U.S. East Coast, consistently delivering on-time and maintaining customer satisfaction.
- **Warehouse Efficiency & Distribution:** Operated a 480,000 sq. ft. distribution center, handling \$40 million in inventory and distributing 60,000 units per month to 22 locations.
- **Compliance:** Ensured DOT regulations, OSHA, EPA, and MSHA standards were met with a fleet of 1,300 trucks and trailers, providing consistent PMCS while meeting all environmental and safety standards.
- **Military Leadership:** Demonstrated advanced logistics and leadership skills as an Infantryman, Cannon Crew Member and Fire Direction Controller in the Army, Serving in OIF.
